Our Story

The Shake A Paw Center for Rescue and Adoption was opened in 2012. We are a 501©3 non-profit animal shelter.

We offer low cost vaccine clinics, spay and neuter services and daily adoptions of homeless, unwanted, and special need dogs.

Located inside our current Shake A Paw stores, we offer a selection of adult dogs, and sometimes even puppies for adoption.

We also accepted unwanted dogs from current New Jersey residents.

Our Mission Statement

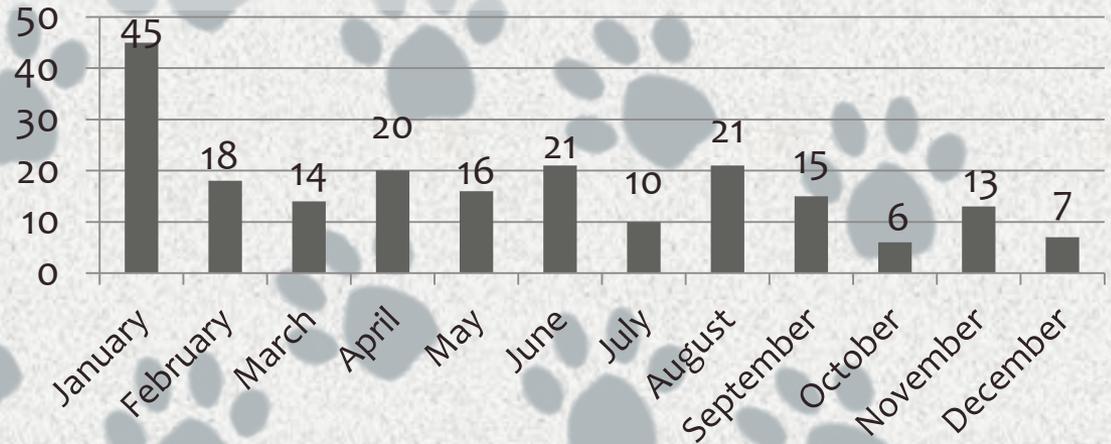

The Shake A Paw Center for Rescue & Adoption provides animal rescue, shelter and adoption services for homeless, abandoned and unwanted dogs and puppies.

Our Adoption Center strives to place all of our homeless dogs in a forever home.

We provide low cost vaccine clinics, this allow all pet owners the ability to keep their pets vaccinated and heathy. We encourage responsible pet ownership while reducing pet overpopulation by educating potential adopters about the many benefits of spaying and neutering their new best friend.

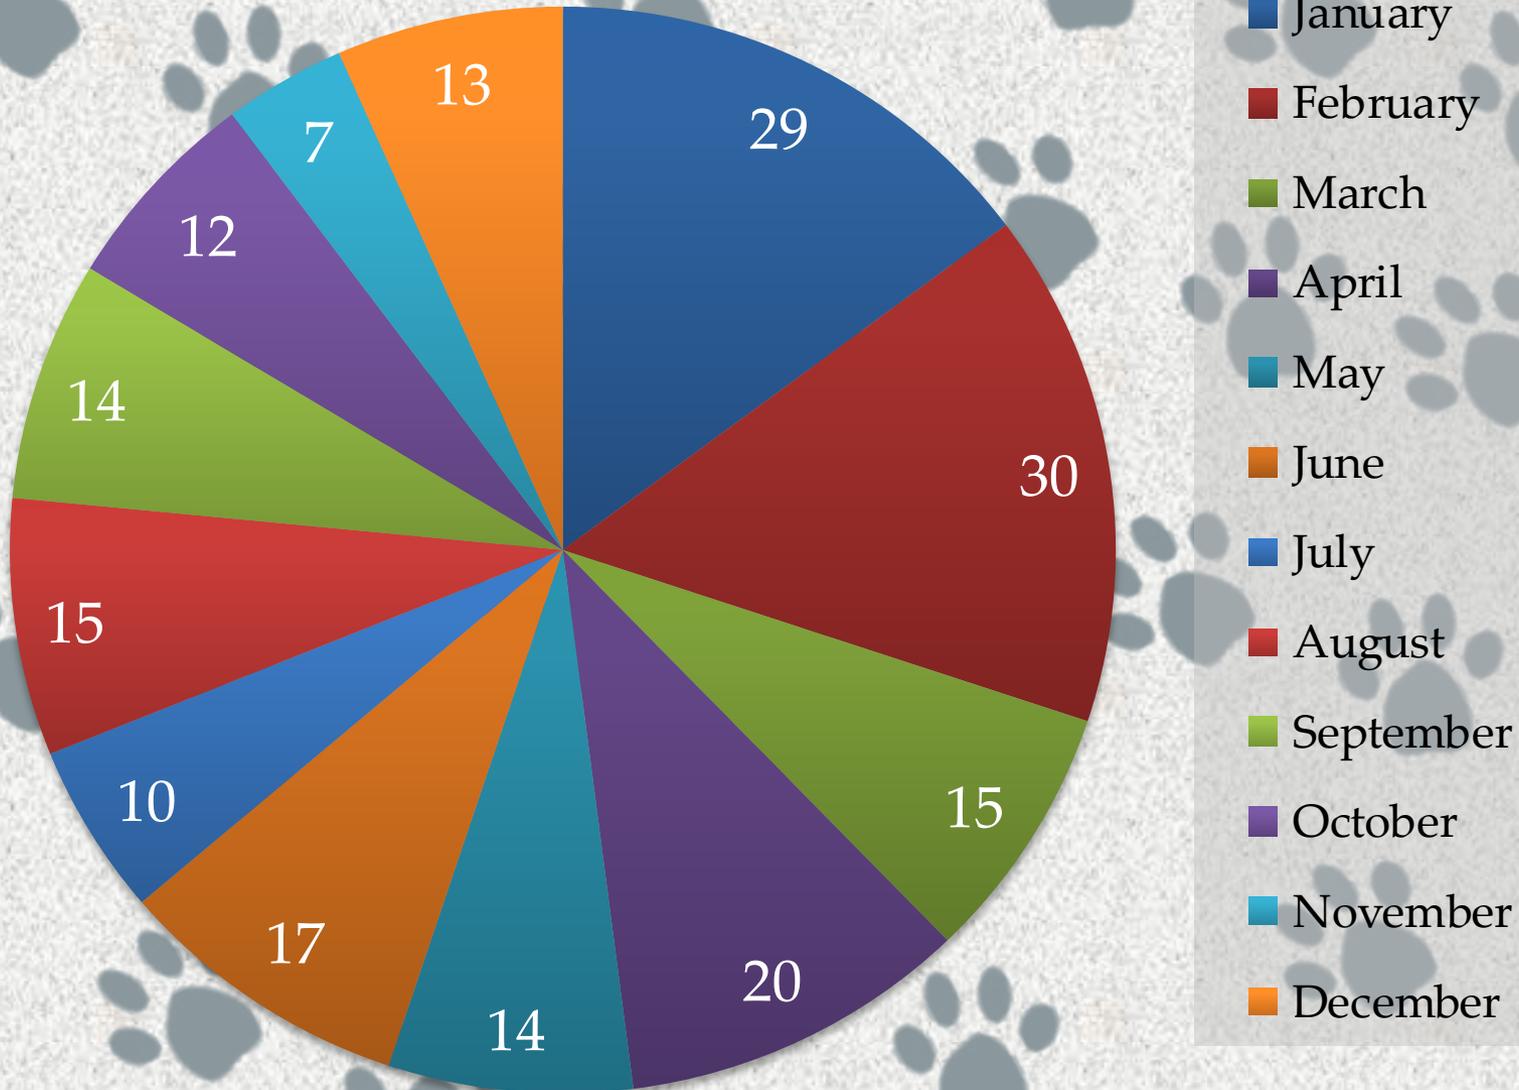

How We Did in 2018

We rescued over a hundred dogs in 2018. Once again, with an euthanasia rate of ZERO! We have saved, rehabilitated and rehomed every single animal brought into our facility in 2018.

SEPTEMBER

Township of Union Mayor's 5K

Meet Sabur Clark

In April of this year, the youngster endured unexpected tumor removal surgery and was taken out of school for six weeks.

Each year, a portion of the proceeds from the Mayor's Day 5K goes to help a local family in need. This year, we will help defray some the medical expenses of a local family, specifically, a six-year-old Union resident named Sabur Clark who was diagnosed in November 2014 with Stage Four Rhabdomyosarcoma (a form of childhood cancer). The Valerie Fund at Newark Beth Israel Medical Center handles his treatment. After receiving chemotherapy and radiation treatments for about 1.5 years, he showed "no evidence of disease" in February, 2016, and was taken off of treatment.

Unfortunately, within a few months tumors began to grow and the original diagnosis was reinstated. The youngster had just started kindergarten in Union and was so excited about attending that his doctors worked to find a treatment plan that would not interfere too much with his schooling and other activities. St. Jude's Children's Hospital provided a treatment plan to The Valerie Fund that enabled him to continue attending school.

He surprised and amazed his doctors who had told him that he would not be able to return to school until September of 2018, but he did return and is supported and loved by his school family. He is currently on maintenance chemotherapy.

We encourage our wonderful community to come out and show their support!

For information on the 5k and the Kids' Run, please go to www.unionchamber.com

We thank Mayor Suzette Cavadas for sharing Sabur's story with us.

To register, go to www.runsignup.com and go to Mayor's Day 5K. You can run, walk or sponsor!

Meet Sabur Clark- Despite his second diagnosis with cancer, remains positive and keeps that wonderful smile on his face.
